Introduction

Hytera S1 Pro/S1 Pro LF is an exquisite business-ready digital radio for luxury hotel, golf course, club, and more high-end businesses. Sleek and light, the radio strikes the perfect balance between elegance and performance, ready for you to instantly connect your team at the push of a button. Getting the best of two worlds—digital and analog, the S1 Pro/S1 Pro LF levels up your communication experience with a basket of innovative features, including noise cancellation, private call, whisper mode, and voice notification. It gives your business the competitive edge at all time.

It helps you change channel, switch menu, edit number, and more.

Key information at a glimpse.

The HD OLED display shows you battery level, frequency, status, channel, and more. Plus, you can create your own channel and radio names that are easy to remember and distinguish.

년 Reliable Communication.

As a digital radio, S1 Pro/S1 Pro LF provides reliable, seamless communications in multi-storey buildings with loud and clear audios to improve team coordination and collaboration in the workplace, thanks to know-how from Hytera RF&Antenna Lab, Hytera Audio Lab, Hytera UX Lab, and 30-year extensive experiences in professional communications.

ရာ Inspired by the classic Doric column.

Hytera draws inspiration from the design of the ancient Greek Doric order, and combines the characteristics of elegance, symmetry and scale to inject a unique artistic style into the S1 Pro/S1 Pro LF.
